

June 12, 2010 ATV Routes Established

With the enacting and posting of the ATV Ordinance followed by placing ATV route signs the Town of Casey has established ATV routes on all of our blacktop roads. All sand/gravel roads remain closed. The ordinances are posted in our bulletin boxes and on this website under the Ordinances tab. Please become acquainted with the daylight hours of operation, speed limits, etc. prior to venturing out on the roads. We will be petitioning to County to open County E to ATVs between Pair O' Lakes and Little Bass Lake Roads, but for now County E remains closed from ATV traffic in the Town of Casey
